Girl, I've got a date
And I just mean, I can't stay late, whoa-oooh
All my life and I've warning you girl
And not just once or twice
Take this from me, I'm as free as the birds in the tree

Girl, I've got a date
And I just mean, I can't stay late, whoa-oooh
All my, all my life and I've warning you girl
You just can't be my wife
Take this from me, I'm as free as the birds in the tree

Girl, I've got a date
And I've been just, I can't stay late, whoa-oooh
No, I've been warning you, girl
No, no, no, girl, you just can't be my wife
Take this from me, I'm as free, as free as the bee
