"Remember that Sunday you told me you loved me,  
baby  
You're coming to tell me, alright, that you're gonna  
walk out on me, baby, baby"

"Please go on your way, boy  
Because I'm not your toy  
Just find yourself someone  
Who'll treat you right"

"It seems unfair, baby, to treat me this way  
But baby, I love you, I love you true  
But just to be sure, I'm asking once more"

"Do you do love me? Oh yes, now do you do care?"

"No, no I don't love you, boy  
And I never will  
It's not, It's not unfair to you, boy  
Because I, I didn't care for you, boy  
So darling, just go, just go away  
So once more I tell you, please leave me alone boy"
