[CHORUS]

Must be love
It must be love, talking 'bout love
Must be love
It must be love, talking 'bout love

Something's got me upside down
And I've never been like this before
Something's got me going in and out
And I've never moved like this before

Something's glowing round my eyes
And I never looked like this before
Oh, no, no, no, no, no
Something's brought this girl to life
And I never felt like this before

And I'm sure that was something
That happened to me

[Repeat CHORUS]

Oh, listen now

Something's caught me by surprise
And I never opened up before
Something's got me mystified
And I never lost my cool before

Something's racing my heartbeat
And I never lost like this before
Something's got a hold of me
And I never touched like this before

And I know that has
Never happened to me

[Repeat CHORUS 2x]

Oh, oh, ooh...

[Repeat CHORUS]

Something's got me upside down
And I've never been like this before
Something's got me going in and out
And I've never moved like this before

Something's glowing round my eyes
And I never looked like this before
Oh, no, no, no, no, no
Something's brought this girl to life
And I never felt like this before

And I'm sure that was something
That happened to me

[Repeat CHORUS 2x]
