

Aubrey "On And On"

Visit "[On And On](#)" on MotoLyrics.com

We go on and on
We go on and on with the sounds in the room
We go on and on, cause the beat will make you move

Something's moving in the depths of my soul
All my girlfriends seem out of control
The party's fine, got it's own personality
We're losing touch with your reality
The base is hard, and the and the party isn't backing down
Standing right here in the middle of the crowd saying
What we do when the party takes your heart, your mind, your body
What we do when we get wild and,
Under the emotions, moving like the ocean

We go on and on
We go on and on with the sounds in the room
We go on and on, cause the beat will make you move
We go on and on, so the party won't stop
We go on and on and on

I'm just a girl, I got a lot of power
I'm holding on, but getting weaker by the hour
The boys are hot, and the girls are just skimming
It felt so good, with everybody screaming
What we do when the party takes your heart, your mind, your body
What we do when we get wild and,
Under the emotions, moving like the ocean

We go on and on
We go on and on with the sounds in the room
We go on and on, cause the beat will make you move
We go on and on, so the party won't stop
We go on and on and on

Everybody, who is anybody
Hang on and on
Everybody, who is anybody
Hang on and on
Everybody, who is anybody

Hang on and on
Everybody, who is anybody
Hang on and on

This thing is sick, but everybody's here
It's gonna be the time of the year
I am down and I'm not missing out
And if you feel me, you know what I'm talking 'bout

We go on and on
We go on and on with the sounds in the room
We go on and on, cause the beat will make you move
We go on and on, so the party won't stop
We go on and on and on

We go on and on
We go on and on with the sounds in the room
We go on and on, cause the beat will make you move
We go on and on, so the party won't stop
We go on and on and on

Everybody, who is anybody
Hang on and on
Everybody, who is anybody
Hang on and on
Everybody, who is anybody
Hang on and on
Everybody, who is anybody
Hang on and on
