It messing with me, and getting to me,
it breaking me down what is wrong with me,
it messing with me, and getting to me,
it tearing me apart what is going on with me?

My life is kicked down and it
messing with me I can't get up and don't
wanna leave leave the past
behind and follow my dreams wanna
keep it with me and under my sleeves
it's gaining to me and growing on
me that it to strong and that
I can't beat beat this lil challenge
that messing with me so
let me tell you just how it seems!

It messing with me, and getting to me,
it breaking me down what is wrong with me,
it messing with me, and getting to me,
it tearing me apart what is going on with me?

Yes it linking to me and charging
to me that just what
I'm saying maybe you can't believe I
keep it inside don't want it to
leave can't express myself just
wanna let it be maybe I need to
let it go but it seems hard to me
cause this affect on me is calling
to me and nobody understand how
hard it's for me but if you're
were in my shoes maybe you can see that...

It messing with me, and getting to me,
it breaking me down what is wrong with me,
it messing with me, and getting to me,
it tearing me apart what is going on with me?

Got a hold on me, have a grip on me,
just let me breathe, and live my dream!

Got a hold on me, have a grip on me,

just let me breathe, and live my dream!

Got a hold on me, have a grip on me,
just let me breathe, and live my dream!

Got a hold on me, have a grip on me,
just let me breathe, and live my dream!

It just so strong it stronger then
love I'm telling you know that it won't
be above it's very un-known it feels
like a drug let me walk away from it
and move above but I can't move along and
don't know why don't wanna fight don't
wanna give it a try but if I try I
know it will die and
maybe I can do it and it won't be like...

Got a hold on me, have a grip on me,
just let me breathe, and live my dream!

Got a hold on me, have a grip on me,
just let me breathe, and live my dream!

Got a hold on me, have a grip on me,
just let me breathe, and live my dream!

Got a hold on me, have a grip on me,
just let me breathe, and live my dream!

It messing with me, and getting to me,
it breaking me down what is wrong with me,
it messing with me, and getting to me,
it tearing me apart what is going on with me?
