Don't want you woman, please stay away from me  
Don't want you woman, please stay away from me  
Well, when I got you, sure good enough for me  
Don't call me, baby, I don't think it's kind  
Don't call me, baby, I don't think it's kind  
Well, I got another woman, don't intend to leave her  
behind  
Don't call me, baby, over on the phone  
Don't call me, baby, over on the phone  
If you wanna be kind to me, girl, try and leave me alone  
Don't come on to me, baby, seeing me walkin' in the  
town  
Don't come up to me, baby, if you see me walkin' in the  
town  
Don't wanna be [Incomprehensible] but you kind of  
woman I want around  
Here I am  
Don't want you woman, please stay away from me  
Won't you woman, please stay away from me  
Well, the one I got here is sure good enough for me
