"Wake Up Moma"

"Wake Up Moma"
1992 Space Songs, Warner Chappell Ltd.

Wake up Moma, chase my blues away
I said wake up Moma, take my blues away
It's 2 o'clock in the morning
And I've had a busy day

Wake up Babe, I need a little company
Wake up Babe, just need some company
The blues got me so bad
I'm in misery

Wake up Babe, before the night is gone
I said wake up Babe, before the night is gone
You're a real good woman
But you sleep too long

Wake up Moma, time to rise and shine
Wake up Moma, it's time to rise and shine
You make love to me so good baby
Make me feel so fine
