Have we grown so numb
That we've forgotten where we're from?
How far away have we run
From our first love?

We have sight but do not see
Our ears fill to hear You speak
Wake us from our restless sleep
To our first love

You are our first love
You are our first love
So draw us closer, ever closer, Lord

You'll be our last love
You will be our last love
So draw us closer, ever closer, Lord

Father, breathe Your breath on us
Draw us in and lift us up We will drink from the cup
Of our first love

Turn our tears into joy
Tune our ears to hear Your voice
And we will stand and rejoice
For our first love

You are our first love
You are our first love
So draw us closer, ever closer, Lord

You'll be our last love
You will be our last love
So draw us closer, ever closer, Lord

And meet us here
As we draw near to You

You are our first love
You are our first love
So draw us closer, ever closer, Lord

You'll be our last love Yeah,
You will be our last love
So draw us closer, ever closer, Lord
