Lord I lift a song of worship  
For Your glory and Your grace  
Let my heart reveal all my words fail to say  
Lord receive this sacrifice of praise  
(Repeat)

On the mountain in the valley  
As I wait in my secret place  
I will trust trust in the name of the Lord  
Now receive this sacrifice of praise  
Now receive this sacrifice of praise

You're my shield You're my shelter  
From the storm and from the rain  
Cover me beneath the shadow of Your wings  
Lord receive this sacrifice of praise

Hallelujah hallelujah  
Hallelujah to Your name  
For all You've done  
You are and evermore will be  
Lord receive this sacrifice of praise  
Lord receive this sacrifice of praise  
Lord receive this sacrifice of praise

Of praise  
Of praise
