Let's get out of this ghost town
The years almost over now baby
The scent of your long blonde hair
It tunes out the midnight air
And we watch over lights
As we drive out of sight
You're sitting by my side, all mine

Then the clock strikes midnight
Then you look into my eyes
And then you say
Your smile
Your kiss
Your touch
I'll never get enough
It's all I ever I wanted
And babe you're all I wanted

Then the car broke down
And all the gas ran out
So we layed on the hood
Looking at the stars
And all those city lights
Baby they don't shine as bright
As your eyes on this starlit night

Then the clock strikes midnight
Then you look into my eyes
And then you say, you say
Your smile
Your kiss
Your touch
I'll never get enough
It's all I ever wanted
And babe you're all I wanted, I wanted

Your smile
Your kiss
Your touch
I'll never get enough
It's all I ever wanted
Cause babe you're all I wanted

(I wanted, I wanted, I wanted, I wanted, I wanted)

Cause babe you're all I wanted
