It seems I walk a lonely road
But I knew deep inside
You were never far away
Always there to be my guide

And when it seems I can't take another step
You helped me tread the paths that some might dread

More of everything
This much is true
Completely who I am because of you

You pick me up each time you see me fall
You pick me up each time
I never need to call

When it seems that I'm blind, with no help at all
& lift me high, & lift me high!
So high that I can't see the sky

Then you showed me paradise!

You give me love
You fill my cup
I'll always know how much you love
You give me hope

It seems I've failed so many times
But still I carry on
I can't give in, I can't resign!
'Cause you are there to keep me strong

And in the darkness where I am so afraid
Your light shines through to burnish any shade

More of everything
This much is true
Completely who I am because of you

You pick me up each time you see me fall
You pick me up each time

I never need to call

When it seems that I'm blind, with no help at all
& lift me high, & lift me high!
So high that I can't see the sky

Then you showed me paradise!
