I can't hold you in my arms on this white powdery
beach,
Am I the only one?
The wind touches my lips. Are you a mystical fairy in
the dark,
We live a million miles apart.

It seems to be a long good bye,
But it shouldn't be our last try.

Do you ever miss my passion?
Do you ever miss my love?
I'll find my honest way, forever
It's the path of the golden dove.

Do you ever miss my passion?
Do you ever feel my love?
No more lonesomeness, we're together,
It's the dream of a crying heart.
Do you ever miss my love?
Do you ever miss my love?

I saw you as a silhouette along this silent deep ocean,
Still I wonder what I would criticize.
A strange face without a name,
Sandy sweat is burning my skin,
Are you my hope in a mysterious game?

It seems to be a long good bye,
But it shouldn't be our last try.

Do you ever miss my passion?
Do you ever miss my love?
I'll find my honest way, forever,
It's the path of the golden dove.

Do you ever miss my passion?
Do you ever feel my love?
No more lonesomeness, we're together
It's the dream of a crying heart.,
Do you ever miss my love?
Do you ever miss my love?

Where are you now? Where are you now?
Give me a sign. Somehow I believe.
