I've come down this road before,
I have tried to be what I'm not,
I was alone you were my man,
But my restless heart, made me say goodbye.

When you find yourself someone, and when you're
standing there,
With the lady you will love, I wish you well.

Even if I'm sitting here alone,
Watching all our plans slip through my hands,
Maybe my heart will find a way,
I keep pushing love away, that is hard to find.

Maybe I'm not made for love, all I can do is pray.

Echoes of my heart (beats for your love)
I'm living with this pain (I found my way)
There must be someone, who can wash away my tears,
And make me feel no fear.

Maybe I should be okay,
There's nothing in this world, that will last forever,
And I'm doing what I want. Am I fooling myself? Have I
lost the situation?

When you find yourself someone, and when you're
standing there,
With the lady you will love, I wish you well.

Echoes of my heart (beats for your love)
I'm living with this pain (I found my way)
There must be someone, who can wash away my tears,
And make me feel no fear.

You made me feel so safe, I wish I could give more,
I've lost you my friend, this is the end.
