Am I the weird one
I can make my love grow for the night
Too soon get colder
and just wanna be your friend again

Sometimes Iâ€™m lonely
And I feel to be with you â€™till the end
I feel the happiness growing stronger
I promise you the rest of my life

So many times I have tried to let go, Searching for love
But youâ€™re the one who makes me feel worthy again

Every now and then I try to let you know (I let you know)
And believe Iâ€™ve finally met someone
But through it all I donâ€™t know what to do
I canâ€™t let go

You donâ€™t care if
I come knocking at your door in the night
you must be in love if you donâ€™t leave me
I canâ€™t keep no promises that I make

I would not care if would let me down for another
I feel like I need to choose my way of life

Every now and then I try to let you know (I let you know)
And believe Iâ€™ve finally met someone
But through it all I donâ€™t know what to do
I canâ€™t let go

Every now and then I really let you go (I let you go)
But my heart is calling back for you
For a simple reason I come back to you
Iâ€™m not that strong

Everytime Iâ€™m walking away Iâ€™m sad, feeling so bad
You are my friend but I canâ€™t let it go, Iâ€™m trying the
best I can

Every Now and then

Every now and then I try to let you know (I let you know)
And believe I've finally met someone
But through it all I don't know what to do
I can't let go
Every now and then I really let you go (I let you go)
But my heart is calling back for you
For a simple reason I come back to you
I'm not that strong

Well I can't let go (well I can't let go)
