I'm pretty sure that there is reason
for my falling down.
See, when you're gone,
I'm left with all this time to think about
why I have this sudden urge to have to
hit the ground.
I know it's contradicting,
but lately I've been thinking.

Your lack of shame is so amazing
every time you leave me
wondering if there is something
wrong with me.
And if I could I'd take you with me
and we'd fall asleep.
Yeah, I'd do anything to have you
laying next to me.

I'm pretty sure if I just keep my ear
flat to the floor,
any minute now you'll
walk through my door.
And because I finally found
what I was looking for,
I'll never have to be alone anymore.

I hope you don't mind
the broken pieces of my heart,
the pieces of my heart.
And I hope you don't think of me as
pathetic when I want to cry
when you're not here by my side.
And if I could I'd take you with me
and we'd fall asleep.
Yeah, I'd do anything to have you
laying next to me.

Your lack of shame is so amazing
every time you leave me
wondering if there is something
wrong with me.
And if I could I'd take you with me

and we'd fall asleep.
Yeah, I'd do anything to have you
