Hey little lady, why don't you sit down
We're, loosing light
Hold my hand, no need to call your dad
I'll get you home on time

This is, a beautiful night

He makes me nervous, gives me butterflies
When I look into his eyes
If I just keep focused on the starry skies, I'll be all right

This is, a beautiful night

Love, Love, Love this beautiful night

Tell me no secrets and I'll tell you no lies there'll be no
Element of surprise
When I whisper I love you
Please don't put up a fight, it just, feels right

This is, a beautiful night

Love, Love, Love this beautiful night

Marry me? Complete my life?
You're the one I've been searching for and, now it's
time
This is our, beautiful night

You're the blue in my grey skies,
I'll love you 'til the end of time
Yes I will complete your life
You just, completed mine
This is, our beautiful night
Love, Love, Love this beautiful night
Love, Love, Love this beautiful night
