Feel Like This by Alyssa Jacey

Hey my love, is there anything that you, couldn't see?
And I wonder, if you've always had it out for me.
There's an isolation of contemplation...
I can't seem to stop thinking. Mmmm
Honesty, they say, is the best policy,
And that's why I've always felt that you were meant
for me!
But how can something, that's grown to be so big,
At times make me feel small?

Chorus:

I don't wanna, feel like this, anymore!
Bare feet, I've fallen, take a seat,
Now I'm cryin' on the kitchen floor!
Cell phone in my hand, why can't we understand,
Where each others coming from... anymore?

Independence, you want for the both, of us.
Equality, baby, I need your trust!
But enough is enough, how can you expect me to stay,
In love, when you're causing so much pain?

Repeat Chorus

Bridge (improv)

Repeat Chorus multiple times

Consider, for once me, leaving you.
I wonder, the effect that it would have on you?
Just for once, what I would give, for you to...
Feel like this.
