Blank page, blue pen, it's great to see you again  
Although, I know it's only been 24 hours since we last  
spoke, well  
I'll write, you listen, my pride I'm fishin'  
For compliments that I know you can't give back, but  
that's alright

Cuz I, can't walk away  
7am and I'm, wide awake!

You, are my passion, yeah!  
And I, I can't get enough!  
You, can be my, life lesson,  
You are my passion and I'll never let you go!

Alyssa, what cha doin'? Some people would try to ruin  
And stop me from pursuin' my dream, they'd say,  
You've never played guitar, how can you reach for that  
star?  
And you'll, never learn how to sing!

Well I, guess I showed them,  
Followed my dream and I, won't give in!

Cuz You, are my passion, yeah!  
And I, I can't get enough!  
You, can be my, life lesson,  
You are my passion and I'll never let you go!
