I feel like I'm flying high over heaven
Can this be only just a dream
You just appeared - suddenly you just happened
Showed me that happiness could mean
This is a love we can't deny
It was decided before our time
Oh hearts were joined so long ago
(1)
Destiny - oh our love was meant to be
I'll be with you for all time
You'll be mine, it's a guarantee
I believe in
Destiny - you're the only one for me
Now I give my heart to you
I'll be true for eternity
Let my love come in
Destiny begin
It feels like we have been lovers forever
I can't imagine life without you
Always together we will be
You'll be a special part of me
Deep in my heart our love will live
(repeat 1)
How can we understand
This, an eternal plan
Our hearts were born inside a star
(repeat 1)
You're my destiny
