You give your sweet love I can understand  
I got the wholeworld in the palm of my mind  
All day and night it feels so right  
I can tell something real is going on  
I'll testify you rule my mind  
No defense against the words you're saying  
\* Now I know what nights are for  
When you touch me, I can't move - Can't speak  
Those kisses sweet make me so complete  
\*\* It's a new sensation  
And I'm feeling so strong  
Celebration  
You've got me sinigng this song  
A new sensation  
Everything I need  
New sensation  
Satisfaction guaranteed  
We're soul to soul, It's touch and go  
Dancing close to the fire brings my heart along  
I know you care and you're always there  
So close and the heat gets so strong  
Can't fight all those secret feelings  
When you touch me, We can't run - Can't hide  
Take it like a man cause I know you can  
Knock me off my feet  
\*\* Repeat

You give me your sweet love I can understand  
Now I got the wholeworld in my hand  
Call you up feeling like a child  
Cause the sound of your voice drives me so wild  
\* Repeat

\*\* Repeat and fade
