I've been here  
Fighting for so long  
Holding it together  
What went wrong  
I can't go  
Another day like this  
There's so much missing  
Within yur kiss  
Here I am - Dying  
Hoping that your heart is there for me  
I can't remain waiting endlessly  
\* So - Through it all  
I'll have to go on living another day  
With or without you  
And through it all  
I will go on finding another day  
With or without you  
\*\* Though you are still part of my life  
I'll get over you  
Time can't heal  
Or take me from this place  
Cause the bond that was between us  
Has been erased  
And here you are  
Without a thing to say  
I can see it in your eyes  
Never cared anyway  
Here I am dying  
Knowing that you never fell for me  
I can't believe you led me endlessly  
\* Repeat

Through it all  
\*\* Repeat

\* Repeat

Through it all...
