

## **Am I Blood "Scar In The Head"**

I dreamed the coward of injustice is my call  
Luck is the future to save a little savage  
No pitiable cries to feel obsession  
Of the war, I jar with myself

Screaming pain  
Screaming pain of hate  
Within me  
On this hollow sand

The net of a creeping life has done the damage  
Figures on my sight have fallen down  
I use the power to suffocate the minds  
No beaten ends till I cut off the light

Screaming pain  
Screaming pain of hate  
Within me  
On this hollow sand

Scar in the head  
Is too deep to whip away  
Scar in the head

Is too deep to whip away

Blowing wind the blood of my justness  
Blind sorrow has my honoured fate  
Behind that locks of complicated cell  
Bodies float and circulate my moves

Screaming pain  
Screaming pain of hate  
Within me  
On this hollow sand

Scar in the head  
Is too deep to whip away  
Scar in the head  
Is too deep to whip away

Screaming pain

Screaming pain of hate  
Within me  
On this hollow sand

Scar in the head  
Is too deep to whip away  
Scar in the head  
Is too deep to whip away
