I'm alone in my room  
I see shadows on the wall  
Deadly fantasies in my head  
I must go out of this life

Ripped off with a chainsaw, bones split out of the flesh  
Ripped off with a chainsaw, you are fucked from  
behind  
Ripped off with a chainsaw

I shove the saw blade up your ass, intestines are on my  
body  
Breastfeed my lust, I love the sight  
Of your fresh meat beside your bones

I take my throbbing dick in my hand  
And masturbate on your sawed-up ass  
My filthy instinct is your death  
The next one hanging weeping on the wall

No body survives in this cellar  
Clipped parts lie on the blood-red floor  
Splinter from bones stitch on my saw  
Bloodshed of gore, an incredible stench

I'm the master of the ass disaster
