I can't believe it the day has finally come
Today is the day we say I do
I've waited for this moment my whole life
All I wanted to be was a princess
And now today is the day where our love
Will shine so bright
Soon we'll be husband and wife.

I can hear the wedding bells
Their not so far away, the moment is just
Around the corner
A moment like this should be
Forever cherished
A moment like this should be
Forever remembered and never forgotten
I'll never forget this day.

Together we make a perfect match
Together we can get through anything
As long as we stick together
I won't let any moment of this precious love
That we share slip right through my fingers
I won't let this precious love that we share
Ever fade away.

I know at times you test my patience and
I know at times you do the same
I know that at times we just need our space
A little time to think
A little room to breathe
But baby, baby
As long I'm with you
Baby, baby as long as you're with me
Everything is going to be okay.

I can hear the wedding bells
Their not so far away, the moment is just
Around the corner
A moment like this should be
Forever cherished
A moment like this should be
Forever remembered and never forgotten

I'll never forget this day.

You took away all the pain and heartache I felt
Inside you made it all just disappear
The day you said you love
Now I feel like the happiest girl on the planet
With your love you mended my torn and broken
Heart
Thank you
Thank you.

You are the other half of me
You're the half to my whole
You make me feel so complete
Inside I feel love spinning around
Fast
You're the one who makes my life
So complete I love you so much
I'm so proud to say that I'm your girl.

You are the other half of me
You the half to my whole
You make me feel so complete
Inside I feel love spinning around
Fast
You're the one who makes my life
So complete I love you so much
I'm so proud to say that I'm your girl.

I can hear the wedding bells
Their not so far away, the moment is just
Around the corner
A moment like this should be
Forever cherished
A moment like this should be
Forever remembered and never forgotten
I'll never forget this day.
