So many nights
Alone
Laying underneath the
Stars gazing into each other's
Eyes
Feel the gentle warm breeze
Blowing on our skin.

CHORUS:
It's 6am the sun
Is rising
It's time now lets go to
Bed
Let's sleep this night away.

It's a beautiful night
Tonight
The stars the shine
Like diamonds in the sky
The moon shines like it's
Heaven's shining pearl.

Dream whatever you
Dream about
Think whatever you
Need to think about just
Please
Don't leave me lonely (don't leave me lonely)
And please don't stop loving me
(Don't stop loving me).

CHORUS REPEAT-3:

Wrap your arms
Around me
Wrap your love around
My heart
Run your fingertips
Down my spine
Fill my life and heart
With joy, love and happiness.

Don't let me go through another day
Don't let me slip away
Oh darling don't let me fall
Hold my hand lift me up
Rescue me if I begin to lose my ground
Don't let me go through another day
Without having you here
Right by my side.
