\*Walking in the rain  
Swim in the ocean  
Feel the salty waters on our  
Skin, babe we'll go surfing  
I'll be your surfer babe if you, Be mine  
We'll ride the big waves together  
We'll travel the oceans waters  
On our Sail Boat just don't leave me out here all alone.

Chorus  
\*See the waves crashing against  
The rocks  
Hear the oceans views  
Roar as they move along the  
Sandy banks  
Hear the sound of the waves  
How peaceful it sounds.

\*Every time I tend 2 daydream of  
Us been in a much better place  
Because I'm a daydreamer (day dreamer)  
Take me away 2 a fantasy somewhere  
Nowhere 2 be found  
Just let me see the Deep Sea Blues  
What a beautiful sight.

Daydreamer, take me away  
Daydreamer 2 a place never  
2 be found  
2 An island far away  
Somewhere along the oceans views  
Let us be together  
Let us stay the night  
Wait till the sun rises soon it'll be morning  
Just don't take me away from the  
Oceans views.
