OohÂ... OohÂ... I feel so blue
Tears fall down my face
You slipped away and now I'm left
Here with a hole in my heart
There's a void
I need you to fill it back up
But I know you can't
I'm left here with only
Memories of you.

A photo can say a million words
We look so happy we were so in love
A photo can say a million words
Sometimes I think to myself what did
I do what did I say to deserve you
In my life
A photo can say a million words
Now I guess I should let you go
Now.

I don't understands why you had to go
I don't know what went wrong
Was it
Something I did
Was it
Something I said
What went wrong
Tell me cause I really need to know.

I never got a chance to
Kiss you on the hand
I never got a chance to
Tell you I love you
It happened all so fast
I never got a chance to say goodbye
Now how do I
Live another day without
You.

I need to let you go but I don't want to
Lose you will you always be by my side
Will you pick me up when I'm down

Will you be there when I need you most
I need you so much but it's time now
That I move on.
