Sitting here just looking out
My bedroom window
So many cars pass me by
People walking by hand in hand
They look so in love that used
To be me and you
Now we are
Two
Sides of the World apart.

Na na na na
I wish I were there with you
Wish I could feel what it feels like
To be loved by you all over again
I miss your sweet kisses
In the morning and at night
When we go to sleep.

I can't sleep at night
These nightmares
That I keep on having
Keep on haunting me and I spend
Every night tossing and turning
In my bed I can't sleep safe and sound
Tonight.

Is this the way it's
Supposed to be?
Do we have to live This
Way
Can't we?
Just learn to
Get S long
Like normal people do
This isn't normal it's so stupid
Yeah.

On and on and on and on
I cry out loud for you
Everyday is a bad day for me
On and on and on and on
I keep losing my ground

No it's not funny it hurts so bad
Every hit and scar leaves
Marks on my body.

Yeah I try to
Stay strong but a strong force
Keeps on pulling me down.

I live everyday so many
Memories of you
Everywhere every place that I go
Your face is all that I see
I can't seem to get you
Out of my head
No I can't stop loving you no.

Come back to me cause I'm
So in love with you
I need you so bad
I can't go on another day
Without you here with me
Come back to me cause I need you
I need you so bad yeah
I need you yeah.
