When you're feeling down and having a bad day  
When your minds not here it's a million miles away  
When you're trying to stay calm but you need to  
explode  
So you put on a front, but can't cope with the load  
When the burdens heavy and weighing you down  
You feel you can't smile but can only frown  
When you want to give up at the end of the day.

If you feel you've got nowhere left to turn (nowhere left  
to turn)  
Then there's one more lesson you need to learn  
If he's not an option, but a last resort  
He'll never fail you so look to your Lord  
He's there when you need him he's there all the time  
It wont cost you a penny or even a dime.

He's there when you need him  
He's your refuge and strength he's your hope and your  
friend  
Your broken heart with his love he will mend.

This loving being will be here now and later  
This loving being is God your maker.
