I love the way you smile
At me
I love the way you talk
And laugh
I love the way you care and,
I love the way you come
Home and walk into the room
I love the way you make
Me feel so nice safe and
So secure.

You are so amazing
What did I do
What did I say to deserve you
In my life.

What the reason you and me are
Together
It's so purculiar this
This is such a blessing o so
Beautiful yeah
Maybe we are meant to be.

La, la, la, la
Look at how far we've come
Were stronger then ever before
La, la, la, la
Sometimes I feel a little weird
Tears fall down my face but soon after
You come running to make all my troubles
Just disappear
You make all things right.

La, la, la, la
YeahÂ... all the pain
That I once used to feel inside
Has gone away.

I don't understand why I feel so down sometimes
I get sad I feel scared and alone
Scared and afraid
I get sharp pains in my neck and back

Sometimes
I feel too I'll to move
I fall I break I lose my grip
I lose my ground
You catch me in your arms never letting
My head hit the floor.

I can't go outside to play today
The rain is falling and the hail
Stones are starting to fall so I guess
I can't see you today but
Tomorrow well be together again
That I assure you.
