The thought of this is killing me, it's been on my mind.
Can't believe it's been right here after all this time.
And even though I love you I can't seem to find
someone who cares the way you do
You know, I love the way we're always been nothing

Thought I was over this but once again I'm comparing
you to him.
And I find that there's no you in him at matters

time
Just like my bestfriend.

I'm trying to let you know
A part of me just can't let this go

Never had a friend, one who understands
With you it felt so free
I don't know whatchu did.
But I know whatever it is
I'm so thankful for you
I'm so grateful for you

Even though the things I told you...
