Orange, red, yellow, white, blue, you call it
Any colors you name I'll be hanging in my closet
I must stack chips still I can't get off it
So many colors, got 'em dripping like a faucet
Different colors, different day everyday, get away
Some do it like a perm, wash, dry and repeat
But see, not me, not that easy
I love new things, please believe me
I don't front, I just roll
I don't need, I just want
The F is a yes when it rests on my chest and
And frankly I feel that the famous is fashion
I found that if fitted is simply the best

Cause see, me without the F's like what?
It's like the right without the left's like what?
It's like the hood without the block's like what?
It's like a star without the rock, that's whats up

I got a famous fetish for them famous kicks
Rocking famous tops call me the famous chick
And you already know I'm the best
Cause I'm rocking that F.A.M.O.U.S

I got a famous fetish for them famous kicks
Rocking famous tops call me the famous chick
And you already know I'm the best
Cause I'm rocking that F.A.M.O.U.S

Soon as I pull up in that nightdro
You know they see me
At attention, I'm like at ease, be easy
And they like who that? Cause my window's shaded
Roll it down, they like she done upgraded
Step out with the famous rebels on my seat
Step out with the famous logo on my feet
No doubt that thing was made just for me
That's why on the tongue it say Gabie G.
Famous temple in the middle of the T.

I know you wanna be just like me
I don't dress to impress, I impress when I dress

Cause see, me without the F's like what?
It's like the right without the left's like what?
It's like the hood without the block's like what?
It's like a star without the rock, that's whats up

I got a famous fetish for them famous kicks
Rocking famous tops call me the famous chick
And you already know I'm the best
Cause I'm rocking that F.A.M.O.U.S

I got a famous fetish for them famous kicks
Rocking famous tops call me the famous chick
And you already know I'm the best
Cause I'm rocking that F.A.M.O.U.S

I got customized chains with the customized belts
Got a customized ring with the customized hips
Customized tops with customized skirts
Rocking customized socks and customized shirts
Got customized rings and customized bracelets
Customized rings with the customized waistlets
Customized whips and the customized kicks
Man I can't help it, I'm a customized chick

I got a famous fetish for them famous kicks
Rocking famous tops call me the famous chick
And you already know I'm the best
Cause I'm rocking that F.A.M.O.U.S

I got a famous fetish for them famous kicks
Rocking famous tops call me the famous chick
And you already know I'm the best
Cause I'm rocking that F.A.M.O.U.S
