[Verse 1:]

The other day I was just a little curious  
Led me to the bed baby you were gettin serious  
I didn't want us to get to this  
Think I'm entrusted  
In you I feel a friend  
I always notice all the looks you would give me cause  
When a guy would smile at me  
I smile back and you get mad  
I shoulda talked to you (about us)  
Should told you where (my hope was)  
I shoulda let it in and I

[Chorus:]

I think it's time for me to walk away  
It hurts for me to leave but even more to stay  
I want you to know that I still love you  
I still want to be your friend (no)  
I didn't want to lead you on, lead you on, lead you on  
Didn't want to lead you on, lead you on, lead you on

[Verse 2:]

Now don't ever think  
I don't value this relationship  
Didn't mean to lead you on  
So now I gotta call it quits  
I know it hurts  
You know it hurts (me too)  
Got me and I (hurt you)  
Am I a better friend (no)  
Won't just turn away from me  
Boy I'm tryna talk to you  
Why can't we just be cool  
Me and you like we used to do  
I understand if you don't want to (deal with)  
Me and how I (do this)  
This just gotta end yea

[Chorus:]

I think it's time for me to walk away  
It hurts for me to leave but even more to stay  
I want you to know that I still love you

I still want to be your friend  
I didn't want to lead you on, lead you on, lead you on  
Didn't want to lead you on, lead you on, lead you on  
(oooh I think it's time)

[Chorus:]

I think it's time for me to walk away  
It hurts for me to leave but even more to stay  
I want you to know that I still love you  
I still want to be your friend  
I didn't want to lead you on, lead you on, lead you on  
Didn't want to lead you on, lead you on, lead you on
