"Till The Club Shuts Down"

Visit "[Till The Club Shuts Down](#)" on MotoLyrics.com

Since the day you left
I would see you come around
Then I would see you smile
But it would only bring me down
Boy, you did your dirt
Yet still I stuck around
Goodbye misses nice girl
Hello heels and nice girls

I know I know that im better than before
I was trying don't you know
But bot you just let us go
And you said you said that i was so difficult
Now that im letting you go
I just want you to know

Imma dance till the club shuts down
The club shuts down
Till the club shuts down
Imma dance till the club shuts down
The club shuts down
Till the club shuts down
The club shuts down

I know i know that im better than before
I was trying don't you know
But bot you just let us go
And you said you said that i was so difficult
Now that im letting you go
I just want you to know

Imma dance till the club shuts down
The club shuts down
Till the club shuts down
Imma dance till the club shuts down
The club shuts down

Till the club shuts down
The club shuts down

I know i know that im better than before
I was trying don't you know

But bot you just let us go
And you said you said that i was so difficult
Now that im letting you go
i just want you to know

Imma dance till the club shuts down
The club shuts down
Till the club shuts down
Imma dance till the club shuts down
The club shuts down
Till the club shuts down
The club shuts down

I know i know that im better than before
I was trying don't you know
But bot you just let us go
And you said you said that i was so difficult
Now that im letting you go
I just want you to know

Imma dance till the club shuts down
The club shuts down
Till the club shuts down
Imma dance till the club shuts down
The club shuts down
Till the club shuts down
The club shuts down
