you took em by surprise, you roll those crazy eyes,  
like the letter, the things inside your head  
i can't make up my mind, you know that that's a lie  
i really have no decision to be amde

you took me by surprise  
you took me by surprise

and then you amde me laugh and now i have a  
question,  
"did you have to do that?"  
i feel so dumb inside, i'm tryign to decide  
but you'd never await my arrival

you took me by surprise  
you took me by surprise

i lke to put myself, pretend i'm soneoen else  
someoen who could write better words than this:

you took me by surprise  
you took me by surprise

you took me by surprise, you roll those crazy eyes,  
like the letter, the things inside your head  
i can't make up my mind, you know that that's a lie  
i really have no decision to be made

walking in the park  
when everything went dark,  
i though i saw your picture i the shadows  
but i wasnt that at all, in fact  
it was my car  
it was someone laughing making me feel small

maybe i shuld explain, the best that i can  
but that would get me in trouble,  
maybe more than i could handle, i feel bad right now  
i know that i'm not lucky, so i'll keep my mouth shut and  
i'll just save it for anyone,  
and "what's that?" you might ask, and i will say, "i

really don't know,  
i was just being dramatic like a television show"

some day i will slip, and i'll say the wrong thing,  
and the credits will roll and reality will kick in  
and i say some day i will slip, and i'll say the wrong  
thing,  
and the credits will roll and reality will kick in
