I know every girl tries,
Until she gets it right,
She works hard at school,
She is even cool,
And she gets the best grades.
Each time they donÂ't go down or stay the same!
This girl was a winner,
Its Impossible to forget her!

[Verse 2]
Its so little time!
For any girl to stay alive
She tries and tries,
Until she gets it right,
ThatÂ's what I say
Everyday

[Verse 2]

I saw that,
Her angel flew away,
But as the days,
Days went by, she began to cry,
Even though her dreams came out right!
