Give a bit of mmh to me,  
And I'll give a bit of mmh to you.  
Give a bit of mmh to me,  
And I'll give a bit of mmh to you.  
And your eyes like a laser,  
Every time cut me deeper.  
Give a bit of mmh to me,(you're a mystery)  
And I'll give a bit of mmh to you. (it's so confusing)  
Give a bit of mmh to me,(you're a mystery)  
And I'll give a bit of mmh to you. (it's so confusing)  
For me, you are an enigma,  
For me, you really are a mystery...  
A mystery (a mystery)  
For you, I break all the rules  
And for you, I'll go to the moon,  
'Cos you're the one  
There's no one else.  
There's no one else.  
Chorus  
Are you devil or angel?  
Are you question or answer?  
Are you real, or am I dreaming?  
Chorus
