Intro

Alalalalalalala ohhhh ohh yeah

Verse

You walk up to me and say  
"Feel like I know you baby"  
And then take a sip of your cherry coke now  
Now who drinks a cherry coke?  
Maybe you're nervous, I see that bead of sweat  
Dancin' on your cheek  
Your words are like cheap champagne  
I get the point but it's much too sweet

I'm so tired of the dance  
This carousel of superficial conversation  
Gets me nowhere...

Chorus

So you can see my bra underneath my shirt  
Watch the wind underneath my skirt  
But that ain't the picture it's just a part  
Everybody's got a story that could break your heart

See my eyes, don't see what I see  
Touch my tongue, don't know what tastes good to me  
It's the human condition that keeps us apart  
Everybody's got a story that could break your heart  
Yeah everybody's got a story that could break your heart

Lalala lalana nanana nana na naaa

Verse

Now who can read the mind  
Of the red-headed girl next door (mm)  
Or the taxi driver who just dropped you off or the  
Or the classmate that you ignore  
Don't assume everything on the surface is what you see  
'Cause that classmate just lost her mother

And that taxi-driver's got a Ph.D

I'm so tired of the fear that  
Weighs us down with wrong assumptions  
Of broken hearts and natural function

Chorus

So you can see my bra underneath my shirt  
Watch the wind underneath my skirt  
But that ain't the picture it's just a part  
Everybody's got a story that could break your heart

See my eyes, don't see what I see  
Touch my tongue, don't know what tastes good to me  
It's the human condition that keeps us apart  
Everybody's got a story that could break your heart

See my bra underneath my shirt  
Watch the wind underneath my skirt  
But that ain't the picture it's just a part  
Everybody's got a story that could break your heart  
(your heart)

Solo

Lalalala lalala ladada da da da

Bridge

So dig deep (dig deep)  
Deeper than the image that you see (dig deep)  
Lift the veil and let your true self breathe (dig deep)  
And show the world the beauty underneath (she kills  
this note, haha)

Chorus

See my bra underneath my shirt  
Watch the wind underneath my skirt  
But that ain't the picture, it's just a part  
Everybody's got a story that could break your heart

See my eyes, don't see what I see  
Touch my tongue, don't know what tastes good to me  
It's the human condition that keeps us apart  
Everybody's got a story that could break your heart

See my bra underneath my shirt  
Watch the wind underneath my skirt  
But that ain't the picture, it's just a part  
Everybody's got a story that could break your heart

See my eyes, don't see what I see  
Touch my tongue, don't know what tastes good to me

It's the human condition that keeps us apart  
Everybody's got a story that could break your heart

Outro

That could break your heart baby  
Everybody's got a story, oh yeah  
Lalala nanana lala nanana  
Lalala nanana nanana....
