(Amanda Lear/Rainer Pietsch)

Fabulous baby, I will drive you crazy
My fabulous face and my eyes so gent we'll meet so (?)
Well nobody could tell that I once was somebody else's

So when you look into my eyes, why don't you ask me
for a ride
And everything will be alright, oh lover love me
And when you look into my lies, you gonna see the
reason why
I'm gonna leave them all behind, it is my vanity
Lala lala lala lala... Oh lover, love me

Lover, uhhh, love me, lover, uhhh, kiss me
Lover, uhhh, hug me, lover, fa fa fa fa fabulous !

Lover lover love me

I answer your question with a contradiction
I'll give you my fabulous smile, I seem so transparent
I move like a serpent, what fabulous secret is mine ?

So when you look into my eyes, why don't you ask me
for a ride
And everything will be alright, oh lover love me
And when you look into my lies, you gonna see the
reason why
I'm gonna leave them all behind, it is my vanity
Lala lala lala lala... Oh lover, love me
