Why am I lonely  
You're sitting right here  
Why am I talking  
It's like I'm talking to the air  
What am I looking for  
That just isn't there  
Why am I angry  
How'd it get so bad  
And why am I missing  
What we never really had  
CHORUS

Why don't you love me  
The way I love you  
Why don't you feel things  
As deep as I do  
We've got a fundamental difference  
In matters of emotion  
But I need to feel you need me  
Like a river needs an ocean  
Baby why don't you love me

Who am I kidding  
It wasn't meant to be  
But you wanted a believer  
And I needed to believe  
For every wall you built around you  
I learned a brand new way to climb  
And if I could've been your angel  
I would've found a way to fly  
CHORUS  
SOLO

I don't understand you  
What's it take to make you cry  
And if leaving you don't break you  
Then baby what's it matter why  
CHORUS
