Verse 1

I was sure that it was over
Lost and confused didn't know what to do
And I felt like I was all alone.
No place to go or to call my own

B section

I was looking and waiting to find a way out
But no matter what happens

Chorus

I won't be the one who sets my dreams aside
I know that I'm much smarter than that oh oh
Don't tell me what I can and can't do with my life
When all is said and done,
I'm making a change

Verse 2

So from now on I've decided just what I want
And how it's going to be
I will not let myself get
Distracted or so far off track

B section

I know I've been wrong but now I'm in control
There's so much more that I can do
So starting today I'll be turning the page
Saying goodbye to everything I knew

Bridge

I'm making a change
To start something new
I'm making a change
That I only I can do
I'm gonna do
Exactly what I want
With my life
I'm making a change

I'm making change
