Would you be happy
With a girl just like me
You'd be happy
With just about anyone but me

Cuz I'm already gone, already gone
This took too long
You took too long

You're never gunna see what I see
I'm never gunna be where I need
With me in your arms
I'm never gunna touch the ceiling
Never gunna feel that feeling
With me in your arms
Cuz I need time to breathe

Don't you ever dare say that I never ever tried to make
it work
Cuz I tried everything and it's never gunna work

Cuz I'm already gone, already gone
This took too long
You took too long

You're never gunna see what I see
I'm never gunna be where I need
With me in your arms
I'm never gunna touch the ceiling
Never gunna feel that feeling
With me in your arms
Cuz I need time to breathe

I need time to be free
To get what I need
It's time to be on my own

You're never gunna see what I see
I'm never gunna be where I need
With me in your arms
I'm never gunna touch the ceiling
Never gunna feel that feeling

With me in your arms
Cuz I need time to breathe
