oooooooooooo...

I can make you feel real good
Real Good

Hello, yes this is me
Tell me all the things you like to see
All the things you ever felt
Take off your Shirt
Unloosen your Belt
Now, tell me can you feel it yet
Me touching on your face
Kissing your neck
I'll be that Gemini
To give you what you like
I'm on my way
Let's go for a Ride

I can make you feel good
I can make you feel
I can make you feel
Real... Good
I can make you feel real good

Let me lick your Neck
Let me bit your lip
All over your Chest
Were I wanna Kiss
Don't be afraid let it all go
Turn off all the lights
And take off your clothes

Close the Door
And just relax
I've got a thing and that's a fact
I'll fulfill all your fantasy
I'm that one in everyone's dreams
The dream were you wake up soak in wet
Were you find yourself between the bed
Pull my hair
Tell my babe we look for love
Is where I'm at

Corus:

I can make you feel good
I can make you feel
I can make you feel
Real... Good
I can make you feel real good

Let me lick your Neck
Let me bit your lip
All over your Chest
Were I wanna Kiss
Don't be afraid let it all go
Turn off all the lights
And take off your clothes

Rap:

He call me up on the telephone
When he feeling nasty
Aint no trying boy
you already know you can have it
Cause I know it's a habit
You wanna touch and grab it
Now he in a room acting like a Jack ass

I told you boy I ain't the average
I told you boy i got that poison lips

Now he on that telephone
Send me a text
Telling me how much he loves me
And miss my sex

I told you boy I'm gonna bring you back
He like it that i do it slow and then I do it fast
Just chill out boy
And breathe easy
I'm gonna make you feel good

Corus:

I can make you feel Good
i can make you feel
I can make you feel
Real... Good
I can make you feel real good

Let me lick your Neck
Let me bit your lip
All over your Chest
Were I wanna Kiss
Don't be afraid let it all go
Turn off all the lights

And take off your clothes
