Yeah, you so fire
You so fire

Come on in and take off your coat
It's rainin' outside and all your clothes are soaked
All your clothes are soaked
Would like me to get you a drink?
Would you like me to put your shirt and your pants
In my washin' machine, in my washin' machine?
Don't worry I got a top that you can have
Make yourself at home boy, just relax
Give me 5 minutes and i'll be back, so I can hit that, hit
that, hit that

I'd be a liar, if I said that, "You wasn't fire"
You know I keeps it real
Showin' you what's the deal
'Cause you the only one that I feel
I'd be a liar, if I said that, "You wasn't fire"
You know I keeps it real
Showin' you what's the deal
'Cause you the only one that I feel

Five minutes is up, so I head back
I can't see a damn thing, 'cause it's pitch black
So I turn to my left 'cause I hear a noise
Comin' close to my ear I hear a voice
A voice that says, "If I move he gon' make it hurt"
So I lift my arms while he takes my shirt
You do it hard but you never make it hurt
It's like havin' a seizure while you put in work

I'd be a liar, if I said that, "You wasn't fire"
You know I keeps it real
Showin' you what's the deal
'Cause you the only one that I feel
I'd be a liar, if I said that, "You wasn't fire"
You know I keeps it real
Showin' you what's the deal
'Cause you the only one that I feel

You in all my thoughts and all my dreams

You the only man in my life
That's made me cream, that's made me cream
When you hit my spot you make me shake
From my fingertips all the way to my legs
It's funny 'cause I can't even move
I can't understand how you do the things you do

You so fire
You so fire

I'd be a liar, if I said that, "You wasn't fire"
You know I keeps it real
Showin' you what's the deal
'Cause you the only one that I feel
I'd be a liar, if I said that, "You wasn't fire"
You so fire
You know I keeps it real
Showin' you what's the deal
You so fire
'Cause you the only one that I feel
I'd be a liar, if I said that, "You wasn't fire"
You know I keeps it real
