Tell me why
What did I do?

Just the other night the love of my life went away
And I can't sleep at night it's driving me crazy
Why can't you see that I miss looking in your eyes
Why can't you see that I miss kissing you goodnight
Cuz I...

I still love you
Please take my hand
Let me help you, help you to understand
That ain't nobody ever gonna love you like I do
And ain't nobody ever gonna do the things I do for you
Cuz I still love you

Tell me why when I call you at home
You say your with your friends, don't call no more
Why can't you see good love starin' you right in your
face
Why can't you see that I don't want no one to come and
take your place

I still love you
Please take my hand
Let me help you to understand
Ain't nobody gonna love you like I do
Ain't nobody gonna do the things I do for you

I still love you
Please take my hand
Let me help you to understand
Ain't nobody gonna love you like I do
Ain't nobody gonna do the things I do for you

This is something that I can't understand
Why couldn't you just be my man
And all the love that we've given
I don't want it to be wasted
Why can't you, why can't you face it
Cuz I...

I still love you
Please take my hand
Let me help you to understand
Ain't nobody gonna love you like I do
Ain't nobody gonna do the things I do for you

I still love you
Please take my hand
Let me help you to understand
Ain't nobody gonna love you like I do
Ain't nobody gonna do the things I do for you

I still love you
Please take my hand
Let me help you to understand
Ain't nobody gonna love you like I do
Ain't nobody gonna do the things I do for you
