Packed her bags, bought a ticket for the subway  
Giving up on life, now she's gonna run away  
Get out of here, somehow  
She threw away everything, that she never had  
Didn't think it'd come to this, but now she finally has..  
To face the truth, somehow

To finally figure out  
What they've been talking about

#### CHORUS

She's the runaway  
She tried to hide from her mistakes  
That lonely girl  
Out on her own  
She'll leave today  
No matter what they have to say  
She'll find a way  
She knows

Ah Ah Ah Ah Ah  
Ah Ah Ah Ah Ah  
Ah Ah Ah Ah Ah

She doesn't really care, if they're gonna chase her  
They're gonna have to realize, she gets what she  
deserves  
She's better off alone, she thinks  
She's gonna learn to fly, despite her broken wings  
She's gonna live her life, on the sad song she sings  
About something more, she dreams

She's got to figure out  
What she is all about

chorus

She can't get out of this dim light  
She never seemed to shine that bright  
And this sad truth she calls her life  
It's not alright, it's not alright

She doesn't care just what they have to say  
She's gonna make or break her way she knows  
No matter what, no matter what they say  
She's home
