I'm lookin' through the croud and
I'm talkin' out loud and
I'm talkin' to myself

I see the peaple starin
But what's the point of carin
I know what they think to themself

All these voices in my head
They won't be still untill I'm dead

(Chorus)
What's wrong with me
Why can't I be
Like those around me
They're so complete
Why can't I see
Infront of me
All these walls that fall down at my feet
What's wrong with me

I'm talkin to a shadow
The one that always follows
Me everywhere

Everytime I go to sleep
Somethings haunting me
But no one seems to care

All these voices in my head
They won't be still untill I'm dead

(Chorus)
What's wrong with me
Why can't I be
Like those around me
They're so complete
Why can't I see
Infront of me
All these walls that fall down at my feet

And the voice in my head

Won't be here, won't be dead
We'll begin to believe

All these words that they speak
To me

When I'm home, all alone
I can go to the place
Where I feel alright
And I can be free
To breathe
To breathe

(Chorus)
What's wrong with me
Why can't I be
Like those around me
They're so complete
Why can't I see
In front of me
All these walls that fall down at my feet
What's wrong with me

And the voice in my head
Won't be here, won't be dead
We'll begin to believe
All these words that they speak
To me

What's wrong with me

When I'm home, all alone
I can go to the place
Where I feel alright
And I can be free
Be free

What's wrong with me

And the voice in my head
Won't be here, won't be dead
We'll begin to believe
All these words that they speak
To me

What's wrong with me

When I'm home, all alone
I can go to the place
Where I feel alright
And I can be free

Be free
