You could have been a good for my body, boy  
Not made all that noise  
You should have listened to me a little bit more  
You should have been a gentleman  
From way back when, I played some violin  
You still be mine and I'd be your's

Woulda Coulda Shoulda

Was it really that big a deal  
Was it really going to make you feel  
Baby poo, just to do  
What it is I want you to  
You got it coming now  
Cause I ain't going to stick around  
Good bye, nice try  
You're out of time

You could have been a good for my body, boy  
Not made all that noise  
You should have listened to me a little bit more  
You should have been a gentleman  
From way back when, I played some violin  
You still be mine and I'd be your's

You could have been a good for my body, boy  
Not made all that noise

You should have listened to me a little bit more  
You should have been a gentleman  
From way back when, I played some violin  
You still be mine and I'd be your's

Woulda Coulda Shoulda  
Woulda Coulda Shoulda

Did you think it would be OK  
For you to treat me that way  
Oh no, I don't think so  
I can tell you're a little slow  
Things could have gone within me  
Just think how things would be

Genius could have changed us  
Instead of this

You could have been a good for my body, boy  
Not made all that noise  
You should have listened to me a little bit more  
You should have been a gentleman  
From way back when, I played some violin  
You still be mine and I'd be your's
