Why are we letting the world fade,
Why are we letting it change,
It used to be so fucking equal,
Now it seems there's too many people,
There's people who kill,
Just because there ill,
And there's people who die,
Because there sick off life.

Goodbye blue sky
Goodbye blue sky...goodbye
Goodbye blue sky
Goodbye blue sky...goodbye

People who make this world a disgrace,
They just don't belong in this place,

There killing the world, and killing our souls,
They think they can tell us what we should be told,
There's something wrong, and something not right,
There stopping the sun from shining as bright,
We need to stop them i know you agree,
We need to stop them, you and me.

Goodbye blue sky
Goodbye blue sky...goodbye
Goodbye blue sky
Goodbye blue sky...goodbye
