This is goodbye
Well at least for now
Until i,
Pick up the pieces
My self-esteem
Was thrown away
Have you no more to say
No more to say
My pride is crushed by
Idle hands
And these scars wont show
People never will know
Or see your face beneath
That mask that you show

Tomorrow ends today
No more hurting
No more
Cant hear your screaming
Your screams
Are none existent
Anymore
Your life is over
Your life
You have no heartbeat
No beat
Your like a stillborn
Stillborn

Tomorrow ends today
So long fair well
I'll fuck'in Veda sane goodnight
I'm getting out
From under this rock
Into the light
Were you cannot fight
And people can see through your lies
No supprise
And these scars will show
People now will know
They can see beneath
That mask that you show

Tomorrow ends today
No more hurting
No more
Cant hear your screaming
Your screams
Are none existent
Anymore
Your life is over
Your life
You have no heartbeat
No beat
Your like a stillborn
Stillborn
